Hi Ray,

The Town of Barnstable will attend the October 15th event at Besse Park in Wareham. The time was listed in the email below as "approximately 3:00pm", is there any way to confirm the time?

Thanks,
Dale

Dale,

I've asked me to apprise you that there will apparently be some sort of public event which is to include our Regional Administrator, Curt Spaulding, and at which an announcement is to be made about EPA grant and contract funding awards / results. some additional info below from Karen on time and place (will forward any additional info when i get it . .)

representatives from your Town are free to attend, but need not. this is really just a courtesy heads up . .

fyi, i met with my contractors yesterday to go over your site, Barnstable Hyannis Harbor, and our other candidate site in Chatham. as you know, as a Phase 1 of this project, we'll be assessing technical and cost feasibility in the context of a '10% Design', if you will. both sites are quite challenging, but also quite exciting.

if Karen has not already scheduled / confirmed a date for our kickoff mtg to begin Phase 1 of this project, then expect one soon for, i think, Thursday Oct 23rd. in preparation for and advance of this mtg, i will develop an agenda, and also hope to be able to provide some background info and, as Roger requested when i spoke to him, a list of in-kind items/services that the project will likely require from Barnstable in order to make it a success.

meanwhile, thank you very much for the signed access agreement. talk to you soon.

Subject: Oct 15 event

Hi Ray,

Can you give Chatham and Barnstable a heads up about the event on October 15? I can provide more details when I get back into the office on Thursday, but right now the event will be at Besse Park in Wareham on Oct 15 at approximately 3:00pm. Curt will be speaking along with state representatives and congressionals. During the event, the two Cape communities and the six Buzzard's Bay grant recipients will be announced. A larger event, however, will be planned around the ribbon cutting next summer-ish. The Cape folks don't absolutely need to be there but we wanted to extend the invitation to them since the selection will be publicized.

Hope all is well!

Karen
